

INCREASE SHOWN BY SCHOOL COUNT

Gain of 223 in Number of Persons Between Ages of 6 and 21 Since 1919 Enumeration.

REPORTS SHOW TOTAL OF 1,872

Increase Due to Recent Extension of Corporation Lines and Normal Growth of City.

That there are 1,872 persons of school age in this city, is revealed by the tabulation of enumeration figures reported by L. E. Jennings and George T. Manuel, appointed by the city board of trustees to make the count. This is the largest enumeration ever reported in this city and indicates the steady growth of Seymour. The count was started April 10. An increase of 223 since last year is shown.

The enumeration includes all persons between the ages of six and twenty-one years whose homes are in this city. The enumerators made a special effort to secure a correct account and the result indicates that their work has been done carefully.

The increase which is much larger than the normal gain, is due in a measure to the inclusion of additional homes as a result of the corporation extension by the city council last fall. However, the normal growth of the city must be taken into consideration.

The enumeration in detail follows: White males, 929; white females, 920; colored males, 13; colored females, 10. Total 1,872.

The school enumerations during the last ten years do not show a steady increase as a few losses were incurred. These may have been due to omissions, rather than to a smaller number of persons of school age living in the city. The enumeration figures for the last ten years follow: 1910—1,539; 1911—1,450; 1912—1,585; 1913—1,595; 1914—1,676; 1915—1,735; 1916—1,720; 1917—1,776; 1918—1,698; 1919—1,649; 1920—1,872.

The enumeration is taken annually to furnish a basis for the distribution of interest derived from permanent school funds. Because of the larger count this year Seymour will receive the largest sum from this source in its history.

ASKS SETTLEMENT FOR SCHOOL HOUSE

Dr. W. M. Casey, Township Trustee, Demands That City Pay for Glenlawn Property.

COST OF BUILDING WAS \$526

Control Lost by Township When Corporation Limits of the City Were Extended.

Dr. W. M. Casey, trustee of Jackson township, has made a demand upon the school city of Seymour for settlement for the Glenlawn school building which was built by the township but came under the supervision of the city school system last fall when the corporation lines were extended. Dr. Casey, representing the township, holds that the city cannot take over property belonging to the township as a whole without making just compensation for it. At the time the city limits were extended an opinion was given to the council that township property could be taken over by the city without settlement.

Dr. Casey has taken the matter up with the state school authorities and the attorney-general has given an opinion to the effect that the school city is liable for the value of the property coming under its control as a result of annexation. Dr. Casey states that he is convinced that the township is entitled under the law to settlement and that if necessary suit would be brought to collect the amount held to be due the township.

The Glenlawn school building was erected several years ago at a cost of approximately \$526. The building, it is pointed out, was built at the expense of the township and that the city should reimburse the township for the amount is expended. It is thought that settlement can be made satisfactorily to both the trustee and the members of the city school board.

BASEBALL TEAM WILL LIKELY BE ORGANIZED

Several Business Men Said to be Behind Move to Get Fast Club For Seymour.

Plans to organize a fast amateur baseball team for Seymour are well underway. It is understood that several local business men are interested in the proposition and it is possible that a club will be organized in the near future.

It is said that those who are behind organizing the baseball club have a site in view near Shields park for a ball diamonds. If the plans are carried out an up-to-date grandstand will be erected and Seymour will have one of the nicest baseball parks in Southern Indiana.

Zollman Suit Ended.

Attorney Lowe was here yesterday to collect the judgment recently rendered by a jury in the Monroe circuit court against the B. & O. S-W. railway company in favor of George Zollman, prominent Medora farmer, who sued the company for damages done to farm lands owned in Jackson county by flood waters during the spring of 1913. The judgment amounted to \$3,500 with costs and interest. Mr. Lowe has just been informed by court officials that the sum has been paid County Clerk Fowler of the Monroe circuit court. The case had been tried twice and the costs were no less than \$2,000 additional.—Bloomington World.

CITY CAUGHT IN POLITICAL WHIRL

Local People Will be Kept Busy Monday if They Hear Republican Presidential Appeals.

WOOD WILL GIVE ADDRESS

Chaplain Guy V. Squire Also to Speak for Wood—Landis to Make Appeal for Senator Johnson.

Seymour will be caught in the political whirl of last minute appeals Monday and the public will be kept busy if it attends all of the meetings scheduled for that day. The speakers who will come here will have a direct interest in the Republican presidential contest which will be fought out, so far as Indiana is concerned, at the polls on Tuesday, May 4.

The political bombardment will open early Monday morning with an open air meeting by the Wood forces. Announcement was made several days ago that Leonard Wood would arrive here at 9:45 o'clock for a ten minutes address at the corner of Indianapolis avenue and Tipton street. This location was decided upon as it is near the Pennsylvania passenger depot and no unnecessary time would be lost after the distinguished visitor arrives.

O. E. Carter, chairman of the Wood for President Organization in Jackson county, received a telegram from the Wood headquarters in Indianapolis late yesterday that Chap-

ASPIRANTS TO CONGRESS FILE EXPENSE STATEMENTS

Report Submitted by John S. Benham, Republican: Shows no Expenditures.

Forty-two Indiana candidates for nomination for representatives, including twenty-six democrats, fourteen republicans and two independents, have filed statements of campaign expenses with the clerk of the house, as required under the corrupt practices act. The list shows that John W. Ewing, democratic candidate in the third district, has spent more than any other candidate, his total expenses having been \$2,224.09. Luke W. Duffey, candidate for the republican nomination in Marion county, was second with \$1,355.32.

The list shows that the democrats evidently are more enthusiastic about carrying the third and fourth districts than any others, for in each of these districts five candidates for the democratic nomination have filed.

Following are the statements as filed by the five candidates in the fourth district that shown John S. Benham had no campaign expenses: Dr. James A. Craig, (dem.), \$202.89; Clarence E. Custer, (dem.), \$894.80; Harry C. Canfield, (dem.), \$719.50; Charles H. Conway, (dem.), \$120; William D. Ricketts, (dem.), \$99.70; John S. Benham, (rep.), nothing.—Columbus Republican.

INDICTMENT SAID TO INCLUDE EVANSVILLE MEN

Investigation of Booze Traffic in Pocket City Reported to Have Been Made.

By United Press.
Indianapolis, May 1—A sweeping investigation of an extensive booze traffic alleged to have been conducted in Evansville, Ind., was said to be included in indictments returns by the federal grand jury which reported to District Judge Anderson in federal court today. Sixty-seven indictments were returned, charging offenses against federal laws in Indiana. Federal officials refused to give out figures as to the exact number included in the Evansville indictment, but it is said that at least sixty have been named, including city and county officials. The number of indictments returned is unusually small and is attributed to prohibition. Only four indictments were returned, charging violation of the Reed prohibition amendment.

PLACES ON BOARDS NOT ATTRACTIVE

County Chairmen Find Difficulty in Securing Enough Men to Conduct the Primary.

OBJECTION TO PAY ALLOWED

Jobs Which Were Eagerly Sought by Many a Few Years Ago are Now Reluctantly Accepted.

Places on the precinct election boards which were eagerly sought by many a few years ago are not so attractive in these days of high wages. Dr. H. Lett, Republican county chairman, and Charles W. Burkart, Democratic county chairman, have both experienced difficulty in finding enough men to fill the boards in some precincts. The object that is offered is that the scale of compensation granted by law is too low and that men who accept the jobs do so at a personal financial loss.

A few years ago no trouble whatever was encountered in filling the precinct boards. In fact, the county chairmen had many applications for the jobs long before the time arrived for making the appointments. But times have changed and now the chairmen are required to solicit men to fill the boards in some precincts.

The election law allows pay at the rate of \$3 a day for the members of the precinct boards with mileage for the inspectors. A day so far as the election is concerned has generally been interpreted to mean from 6 a. m. to 6 p. m. and as the boards are in session until after midnight two days' pay has usually been allowed. In a few instances where boards were in session until after 6 o'clock on the morning following the

INDIANA PRIMARY FIGHT IS NOW ON HOME STRETCH

Johnson and Wood Continue Speaking Engagements—Harding and Lowden Finish Trips.

By United Press.
Indianapolis, May 1—Going into the home stretch, the four leading Republican presidential candidates today were fighting hard to come under the tape first in next Tuesday's primary election. Two of them, Harding and Lowden, will conclude their Indiana speaking tours tonight. Johnson and Wood will continue their stumping next Monday.

It was a question of speed today which candidate could visit the most points and deliver the most speeches.

JOHNSON AND HOOVER IN HARD FOUGHT CONTEST

Possibility That California Delegates Will be Instructed for Hoover.

San Francisco, May 1—California is nearing the close of the most desperate primary campaign in its history. The issue is a clear-cut one of the popularity of Senator Hiram Johnson, as against the popularity of Herbert Hoover.

For weeks the Johnson organization has exerted itself to elect 26 delegates to the Chicago convention pledged to Johnson while the Hoover organization has gained a firm foundation—firm enough to challenge every effort that can be put forth by the Johnson men.

The campaign will not close until the last ballot is cast at 7 o'clock the night of May 4. Several big Johnson meetings are scheduled for Monday. The Hoover men however, will do little after today.

KNOX RESOLUTION EXPECTED TO PASS

Senator Hitchcock, Leader of Opposition, Believes It Will Get Majority Vote.

SAYS IT IS "WEAK AFFAIR"

Democrats Are of Opinion That President Wilson Will Veto The Measures.

By United Press.
Washington, May 1—Adoption of the Knox resolution by the senate was conceded today by Senator Hitchcock, Nebraska Democrat, who will lead the opposition. He expected President Wilson to veto it, however.

"My expectation is that it will pass by a strictly party vote and that the President will veto it," said Hitchcock. The resolution is a mighty weak affair and some of its provisions are absolutely ridiculous. The peace resolution will come up in the senate Wednesday, Senator Lodge, Republican leader, stated. Senator Underwood, Democratic leader, said he would back Hitchcock in any move he deemed wise thus leaving the Nebraska senator in virtual charge of the measure.

A number of Democrats are expected to join Republicans in voting on the measure.

Whether Lodge will be able to hold his party associates in line for the Knox resolution as it now stands was in doubt today. Senator Lenroot, Wisconsin, one of the mild reservationists declared he is not yet ready to announce his position. Senator McCumber, North Dakota, another mild reservationist is expected to move his own resolution as a substitute. It does not declare the war at an end, but merely directs resumption of commercial relations.

SOLDIER AID LEGISLATION FACES INDEFINITE DELAY

Congressmen Say Measure Must Undergo Many Changes Before It is Acceptable.

By United Press.
Washington, May 1—Soldier aid legislation in congress today faced indefinite delay due to failure of house Republicans meeting in caucus last night to endorse the bonus bill as reported from the ways and means committee.

Outspoken dissatisfaction against several features of the measure became suddenly apparent in the Republican ranks. As a result all plans to force the bill through the house Monday have been abandoned.

Republican leaders admitted it probably will be impossible to pass the measure through both houses before the congressional recess early in June. Some members predicted no bonus legislation will be passed this session. Representative Good, Iowa, chairman of the appropriations committee declared the bill must undergo many modifications, if it is to be passed by this congress.

William Haywood Says Talk of Violence in Connection With Plan is "Bosh."

By United Press.
Chicago, May 1—A nationwide demonstration to protest arrests and deportation of radicals, failure of the government to declare peace with Germany and to demand recognition of the Russian soviet was planned for today by radicals, according to announcement by leaders here.

The demonstration will consist of meetings in every large city in the country where local leaders will speak. No parades or other demonstrations are planned, it was said. I. W. W. meetings will be held in Chicago, New York and other big cities, according to William Haywood, executive secretary of the I. W. W. "There will be no violence," he said. "That kind of talk is bosh. Workers will assemble in halls today and tomorrow to discuss the situation and make suggestions."

The Socialists will also hold meetings to protest against the continued imprisonment of political prisoners, said Otto Branstetter, national secretary of the party.

Police prepared to double the guard at radical meetings to prevent any undue demonstrations.

BIG MAY DAY STRIKE FAILS TO MATERIALIZE

No Disturbances of Consequence Reported to the Department of Justice.

By United Press.
Washington, May 1—The general strike called for May Day failed to materialize insofar as reports to government departments showed. The strike situation throughout the country is better than it has been for weeks, according to Hugh Kerwin, director of the bureau of conciliation, labor department.

Kerwin was in possession of reports showing that in the week ending last night fewer strikes were reported to the department than in the previous two weeks. At 1:15 p. m. the justice department of received no disturbances of May Day disturbances, according to information given out at the office of Attorney General Palmer.

EUROPEAN LABOR TAKES USUAL MAY DAY HOLIDAY

London Press Did Not Predict Serious Outbreaks—Overall Parade is Staged.

By United Press.
London, May 1—British and European labor today generally demonstrated its solidarity by stopping work for twenty-four hours in observance of May day—the European labor day. In London the press did not anticipate more than a "May-time effervescence" although radical demonstrations had been threatened by some of the red railway laborers. The new "middle class union" was to stage an overall parade as a protest against high prices.

The county chairmen had their boards filled several days ago with a few exceptions in scattered precincts, but since that time many changes have been made. Men who had asked for the places have asked to be relieved. One reason why the board places are not so inviting in the rural districts is that the majority of the voters are farmers and as they are delayed in the spring work they want to make the most of the good weather and do not feel that they would be justified in taking a day or two from the farm work at this time. Most of the boards had been filled today and despite the difficulties encountered assurance is given that all will be completely organized before next Tuesday.

Why the Democratic Press Says "To Hell With Wood"

The desperate efforts of such Democratic organs as the
Indiana Daily Times, The New York World, the Ft.
Wayne Journal-Gazette and others; and of such Wilson-
ion organs as the Terre Haute Post and the Evansville
Press—to belittle Wood and lionize his opponents were
unmasked early in the primary campaign.

The Democratic Press and its allied forces have been
frightened into panic by the increasing momentum of the
Wood popularity. There is only one reason for Demo-
crats to seek Wood's defeat; only one reason that would
lead them to fear his success.

**Wood is the strongest candidate and if nominated the
democrats know his election next fall is a certainty.**

If Wood were the ferocious and iniquitous
character that the Democratic Press has painted
him to be, the Democrats know their proper cue
would be to aid his nomination, thus making
his defeat as a Republican candidate more easy
of realization at the polls in November. But the
fact that Wood is the dominantly popular Re-

publican candidate has caused the exponents of
Democracy to be seized with cold chills and
hot fever as the spectre of defeat looms more
clearly. The opposition has alternately at-
tacked Wood as a swivel chair hero and a mili-
tarian. These were the same tactics employed
against Roosevelt when his opponents were
combatting him.

**IT'S A DEPLORABLE STATE OF AFFAIRS FOR
THE DEMOCRATS**

Without hope of a positive victory in the fall, they are
trying to win by fighting from behind.

That, Mr. Republican, is the cause of the repeated at-
tacks on Leonard Wood, a candidate whose nomination
guarantees Republican success.

**THE HEIGHT OF FOLLY
(Editorial from Ft. Wayne News
Sentinel)**

Many people in Indiana are planning to
vote for Hiram Johnson simply because
he affords them the most speedy and di-
rect opportunity to record their protest
against President Wilson and his League
of Nations. It would be well, however,
for all such persons to remember that
Johnson also stands for other things—for
things which they do not like and do not
want. There will be plenty of other op-
portunities for them to get action on
President Wilson and it is the height of
folly to endorse the impossible Mr. John-
son merely because he represents a single
phase of their resentment.

**MAKING HIMSELF IMPOSSIBLE?
(Editorial from Chicago Tribune)**

"* * * Senator Johnson is remembered
as the man who interposed his self-will
when Roosevelt was trying to beat the old
guard into surrender to political right and
as the man who swept California when
Hughes lost it and with it the presidency.
"Does Senator Johnson wish to create
the impression that now in a third cam-
paign his endeavors will be to make him-
self impossible as a candidate of the party
and any candidate of the party impossible
for election?"

DEFEATS COLUMBUS NINE**

Local High School Wins from Visi-
tors 12-2—Another Game to
be Scheduled.

The Seymour high school baseball
team won a decided victory over the
Columbus nine, 12-2, at Shields
Park Friday afternoon. A week ago
the locals lost to the Bartholomew
county lads at Columbus, 11-9.
Arrangements will probably be made
for another contest since each have
won a game.

Steinwedel took the mound for the
locals and pitched a good game,
striking out twelve men including
the entire Columbus team except
Lucas and Hall. The locals blanked
their opponents seven innings, al-
lowing one score each in the third
and fifth. Cole opened the work for
Columbus and allowed five hits and

three scores the first inning. The
Seymour team cinched the game by
bunching hits in the third, driving
nine men across the plate. Lewis got
three hits out of five trips to the
plate, two three-base hits and one
two, and accounted for the heaviest
hitting of the day. The locals filled
the sacks the eighth inning but
failed to score. Lucas allowed one
hit and no runs in five innings,
having succeeded Cole after the third
session.

**CITY CAUGHT IN
POLITICAL WHIRL
(Continued from first page)**

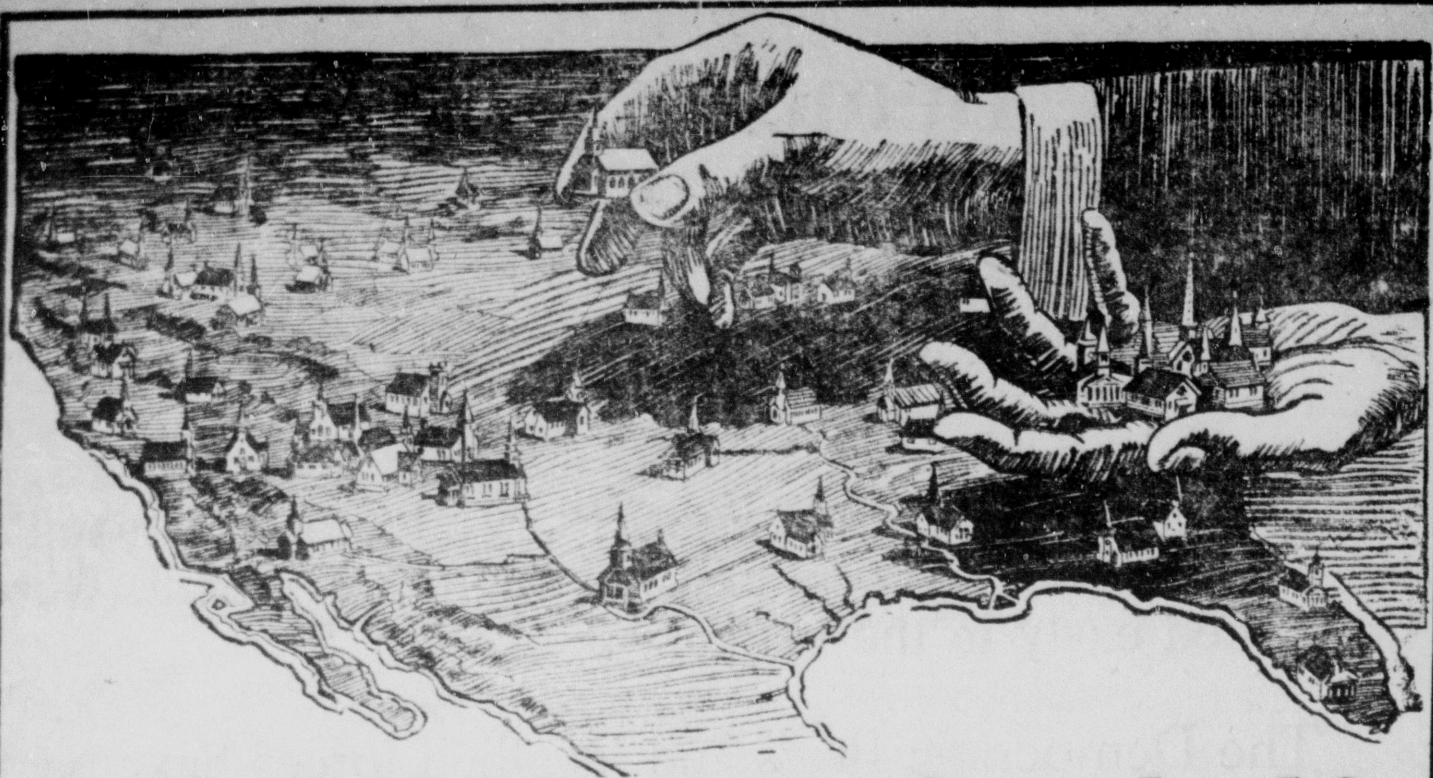

Iain Guy V. Squire would come here
earlier in the day and would give a
half hour's address at the corner of
Indianapolis avenue and Tipton
street. Chaplain Squire is an able
speaker and has addressed great
crowds throughout the country dur-
ing the last few weeks in the inter-
est of Leonard Wood.

Information was also sent here
late yesterday by the Johnson for
President organization in Indianap-
olis that Frederick Landis would
come here Monday afternoon for an
address at the city building with an
appeal for votes for the California
Senator. Landis has spoken here
on several former occasions and is a
spirited and interesting speaker. The
hour for the Johnson meeting is an-
nounced at 2:30 o'clock. Arrange-
ments have been made for the use of

LIGHTNING WAIT for

the greatest

the council chamber for this meet-
ing.

Besides the presidential appeals,
local candidates will be busy Mon-
day. The two big meetings here are
expected to draw hundreds of visi-
tors to the city and candidates for
county and district offices are ex-
pected to take advantage of the
crowd to circulate their own cards.
Monday promises to be one of the
busiest days from the political
standpoint that this city has seen in
years. Up to this time the cam-
paign has been conducted without
much "hurrah" but the indications
are that it will close with more or
less noise and enthusiasm.

Is America Overchurched?

Is America overchurched?
Is America underchurched?
Until now any answer to those questions has been merely guess-work. Nobody really knew.

But today the Churches can give an answer based on solid facts, scientifically obtained.

The survey by the Interchurch World Movement covered the whole nation county by county.

America is neither overchurched nor underchurched. The churches are badly distributed—that is all.

The problem of the country church is three-fold:

First, The problem of denominational cooperation.

Second, The problem of men and money—for men who are paid less than \$1000 a year as 60% of

the rural preachers are, cannot be expected to do more than has been done. The wonder is that they have done so much.

Third, The problem of good roads, and of churches equipped to be community centres as well as mere meeting houses.

If the country districts are to continue to produce great leaders as they have always done, they must continue to be supplied with spiritual leadership.

The Interchurch World Movement is the expression of the purpose of thirty great denominations to cooperate to this end.

Surely such a program merits the support of any lover of America. It merits your support. And it needs your support.

Give—and give from your heart as well as from your pocketbook.

ACCOMODATIONS FOR BIRDS

"Cottages" Erected on Game Preserves in Indiana.

Indianapolis, May 1—Lack of sufficient housing accommodations in many parts of the country is not a perplexing problem this spring to the bird life of Indiana, according to a letter to George N. Mannfeld, superintendent of fisheries and game, the department of conservation, from Frank G. Hasselman, superintendent of the state game experiment station and far mat Bluff Mills, Montgomery county. Some time ago the conservation commission, with a view of encouraging an increase of insectivorous bird life designated all state preserves as bird and game sanctuaries. Many bird houses were constructed and erected in suitable environment. The birds are now "moving in" in large numbers, Hasselman writes, and already the bluebirds and martins are in possession of a number of the cottage and "duplexes" on the experiment farm.

WHAT MAKES SINNERS?

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine. s

Senator Harding's Recent Utterances

These alleged labor propagandists say I am hostile and unfair. The bulletin of organized labor after my six years in the Ohio Senate proclaimed me fair. The boys in our typographical Union up in our printing office in Marion have not only endorsed me but say I am a fair and considerate employer.

Let the workmen who question my attitude invite other aspirants for commission to public service to say where they stand.

I believe in Union labor and practice what I preach. I think Unionism has wrought a liberation and awakened a consciousness which unheeding greed has come near destroying.

I rejoice in high wages, they are here to remain.

Senator Harding, the first publisher in Ohio to establish profit-sharing system, was unanimously endorsed by the Marion Typographical Union.

Endorsement by Typographical Union

Be it Resolved, by the Marion Typographical Union, No. 675, of Marion, Ohio; that we most heartily endorse the candidacy of Senator Warren G. Harding for the Republican nomination for President. We have always found him fair and considerate of all of his employees, always paying more than the established scale of wages, and his plant at Marion, Ohio, has never known any strike or lockout or any dispute with his employees. He, himself, in his younger days, was a practical printer and knows from actual experience and long hours at the case, the trials and cares of a fellow craftsman, and we are particularly proud of having one of our fellow citizens and fellow workmen as a candidate for this high office, especially when we know from our long association with him that he possesses the personal traits and business qualifications essential to this high office.

Resolution unanimously adopted by the Marion, Ohio, Typographical Union.

(30). Do you know Republicans, it is your duty as patriotic citizens to ponder well these questions before you cast your vote for President?

The United States needs an administration that "Thinks of America First" and in selecting Senator Harding for its chief executive, there would be placed in Washington a man who would so direct the affairs of that great office.

There was no mistaking the veiled
threat behind that apparently innocent
observation, and the Colonel, "being
a man of more than ordinary astute-
ness, realized that at last he must
place his cards on the table. "Yes,"
he said, "I would be rather disappoint-
ed. However, I pay Rondeau rather
more than it is customary to pay
woods-bosses; so I imagine he'll stay—
unless, of course, somebody takes a
notion to run him out of the country.
And when that happens, I want to be
on hand to view the spectacle."

Bryce sprinkled a modicum of salt
in his soup. "I'm going up into Town-
ship nine to-morrow afternoon," he
remarked casually. "I think I shall
go over to your camp and pay the in-
comparable Jules a brief visit."

Again the Colonel assimilated the
hint, but preferred to dissemble. "Oh,
you can't steal him from me, Cardigan,"
he laughed. "I warn you in ad-
vance—so spare yourself the effort."

"I'll try anything once," Bryce re-
ported with equal good nature. "How-
ever, I don't want to steal him from
you. I want to ascertain from him
where he procured this bird."

"He wouldn't tell you."

"He might. I'm a persuasive little
cuss when I choose to exert myself."

"Rondeau is not communicative. He
requires lots of persuading."

"What delicious soup!" Bryce mur-
mured blandly. "Miss Sumner, may I
have a cracker?"

The dinner passed pleasantly; the
challenge and defiance between guest
and host had been so skillfully and
gracefully exchanged that Shira had
hadn't the slightest suspicion that
these two well-groomed men had, un-
der her very nose, as it were, agreed
to be enemies and then, for the time
being, turned their attention to other
and more trifling matters. A sprightly
three-cornered conversation continued
for an hour. Then the Colonel, secretly
enraged at the calm, mocking, con-
fident glances which Bryce ever
and anon bestowed upon him, and un-
able longer to convince himself that
he was too apprehensive—that this
cool young man knew nothing and
would do nothing even if he knew
something—rose, pleaded the necessity
for looking over some papers, and bade
Bryce good-night. Foolishly he
proffered Bryce a limp hand; and a
demon of devilry taking possession of
the latter, he squeezed it with a simple,
heartily earnestness, the while he said:

"Colonel Pennington, I hope I do
not have to assure you that my visit
here this evening has not only been
delightful but—instructive. Good
night, sir, and pleasant dreams."

With difficulty the Colonel suppress-
ed a groan. However, he was not the
sort of man who suffers in silence;
for a minute later the butler, leaning
over the banisters as his master climb-
ed the stairs to his library, heard the
latter curse with an eloquence that
was singularly appealing.

GOVERNMENT BY AMERICANS

"The country is going to be run by Americans,
cost what it may. It does not make any differ-
ence what the cost is. It is going to be run on a
basis of government under the constitution, with
due respect for law and order, with a recognition
of the supremacy of the law, the rights of prop-

kind. No class legislation, no autocracy, either
of wealth, labor or power, but a real democracy
and a spirit of co-operation and helpfulness."—

HE'S THE WINNER m3d

Starting Monday, Majestic.

The soldiers' friends and parents
who didn't get an opportunity to
witness the sights of the "boy" over
there have at the Majestic this week
a chance to see an excellent repro-
duction of that destruction which
was the Huns' aim for months.

"The Destruction of Rheims," a
masterful portrayal of the destruc-
tion of the "City of Siege" of the
world war. For Rheims at the door
of the pushing invaders, suffered as
few cities suffered.

The curtain rises upon a city in
total darkness save the light of the
fleecy clouds, then the queen of
night, the stars, and the electric
lights with the clouds still floating
about, make a scene of great beauty,
with later the dawn and daybreak,
and in the midst is the great cathed-
ral which has withstood the storms
of almost seven centuries and had
been the center of the stage for the
coronation of the many kings of
France, and other great events
through all the years.

But while one gazes in admiration
upon this peaceful scene a buzzing
whirring noise is heard, and the
German airplanes appear in battle
overhead, while heavy artillery bom-
bardment joins in the chorus be-
neath—flames burst forth, terror-
stricken inhabitants flee, and soon
the entire city, with this historic
cathedral, lies in a seething mass of
ruins. One thing, however, escapes
and that is the status of Joan of
Arc, which seems typical of the pre-
servation of the spirit of the sons
of that freedom-loving country.
The close of the scene, with the
tramping feet of the boys in khaki,
and Old Glory waving from the tower
of this old cathedral, have a real
patriotic inspiration.

Prof. H. Armand, who built this
city and who has so wonderfully set
it forth by electrical devices, is a
native of France, though he has been
an American by adoption for a quar-
ter of a century.
